### CAPABILITY SUMMARY

*SandTech Solutions, LLC* thrives on solving the most challenging technology and security problems our clients face; we are thought-leaders, developing solutions that exceed expectations. We built our reputation supporting the creation of the Air Force's CVA/H cyber weapon system and employing the platform on initial **AF Cyber Protection Team** missions. Our ability to develop and execute cyber capability grows from our solid foundation in the **Cyber Weapon Systems** from the tactical to the strategic, Cyber Test & Evaluation, Information Technology & Assurance, CyberSecurity, Systems Engineering, & DevSecOps. SandTech has exceptional depth in **Vulnerability Assessment and Adversary Hunt** planning and execution, with background in the development and maturation of the Air Force's enclave defense methods. Our ISO9001 certified quality management system underpins our prime goal: to **Enable Success!** Our ISO20000 IT Service Mgt System, ISO27001 Information Security System certifications, and ISO9001 Quality Mgt System combine to spotlight & manage risks.
