CAPABILITY SUMMARY: SandTech Solutions, LLC thrives on solving the most challenging **technology** and **security** problems our clients face; we are thought-leaders, developing solutions that exceed expectations. We built our reputation supporting the creation of the Air Force’s CVA/H cyber weapon system and employing the platform on initial AF Cyber Protection Team missions. Our ability to develop and execute **cyber** capability grows from our solid foundation in the Cyber Weapon Systems from the tactical to the strategic, Cyber Test and Evaluation, Information Technology and **Assurance**, CyberSecurity, Systems Engineering, and DevSecOps. SandTech has exceptional depth in Vulnerability **Assessment** and Adversary **Hunt** planning and execution, with background in the development and maturation of the Air Force’s enclave defense methods. Our appraisal at CMMI Maturity Level 3 and our ISO9001 certified quality management system underpin our prime goal: to **Enable Success!** Our ISO20000 IT Service Mgt System, ISO27001 Information Security System certifications, and ISO9001 Quality Management System combine to spotlight and manage risks.
